

Extra Measures Taken for Your and Our Health.

SOCIAL DISTANCING:

- Our hallway when you enter our house is about 3 meters, so if there are already guests checking in, please wait outside to avoid close contact.
- As the space in our staircase is limited, please act responsible, give space to fellow guests and refrain from close contact indoors with other households.
- We are not allowed to serve our breakfast as a buffet, we will ask you at check-in at what time you want to have breakfast (between 8-9) to prevent waiting.

CLEANING:

- As standard we perform a thorough cleaning of the room, but we now make sure to extra disinfect:
 - Light Switches, Bedside Tables, TV Remotes
 - Trays, Kettle Handle and Lid, Heater Controls
 - Door Handles, Hair Dryer Handles, Wardrobe Door Handles
 - Taps, Flush Handles, Toilet Seats
- During cleaning we will ventilate the rooms and common areas of our house as much as possible.
- In our hallway when you enter our house and on the first floor, you find hand sanitiser which all of our guests are encouraged to use.

OTHER:

- Due to cleaning guidelines you will not find an information map in your room, but ask us for more information about the area.
- As it is uncertain which Restaurants/Cafés are open, please check in advance.
